

**Our Philosophy:**

1. Simple, integrated and inclusive
2. Connect, integrate, expand
3. Plan, act, reflect
4. Knowledge, experience, practice

## Expression of interest to work with Shaun and Roslyn

### About the business

2SE Pty Ltd, trading as W.I.S.D.O.M in Your life is an Aboriginal company with Shaun Nannup and Roslyn Snyder as joint directors, guided by Elders.

We are doing something absolutely, amazing we are transforming the world by weaving Aboriginal magic combined with the science of psychology. We have the vision, the plan and the programs, now we need people to help us make this happen.

Aboriginal cultures around the world know that everything is connected, and everyone has their own nature, place and purpose. The purpose of human beings is to be carers of the Earth, the people, the animals, the land and the sea. We are not following our purpose and the effects are staggering, fragmentation of life, climate change and animal extinctions. Our nature is to be inquisitive, emotional, and social, our education, health, welfare, and justice systems ignore our nature. The effects are staggering, dumbing down, increasing rates of chronic disease, more dependency and more cruelty. Our place is at the centre of our life, embedded as part of an interconnected web of life. When we believe we are more entitled or better than other people or animals, the effects are staggering, we try to control nature, or abuse power. It is time to weave some Aboriginal magic throughout society and live, love and learn through art, story, music, dance and language the laws of the land that Aboriginal people have know for centuries. Come and join us.

We are creating a work culture, where each person will know their nature, place and purpose, and be encouraged to grow and connect within, between and beyond, similar to traditional Aboriginal communities. We need a mix of knowledge, experience and abilities. We will provide the training so you can deliver these programs.

If you want to work with us, please send us an expression of interest (can be written or video) discussing the following:

1. Why you want to work with us? Whether you want full-time, part-time or casual work? Which program areas you are suited to and why?
2. How you have used your knowledge and experience in your work or life? Wisdom is knowledge and experience in practice and we are a wisdom based workplace.
3. To ensure growth and connection, each person will have a primary role as a group facilitator or therapist and secondary roles. These could include: marketing, strategic planning, personnel management, research, community education, business management, resource development and sales. Please outline either areas you have expertise in or an interest in developing.

Things you need to know:

Closing date for Expression of Interest is **June 30 2017**.

We will then invite about 25 people for a feed, where we will share stories by mid to late July.

In August we will start training people up to 10 FTEs. Please feel free to contact Shaun or myself.
